

## HEALTH LEAGUE WORK DEVELOPING SPLENDIDLY

Much Work Already Done in Medical Inspection of School Children

### MANY CASES OF TRACHOMA

Free Clinic Established is at Madisonville.

#### MINISTERS EXPECTED TO DELIVER SERMONS ON PUBLIC HEALTH MEASURES

Work of the Public Health League of Hopkins County is proceeding splendidly and is being exerted in several different channels that touch vitally the welfare of the people of the County. Medical inspection of school children is proceeding rapidly under the supervision of the visiting nurse and with the general cooperation and assistance of the physicians of the County. Prof. Harper Gatton, of Madisonville and Prof. O. E. Dudley, of Earlington, are members of the sub-committee on inspection of school children. Work of inspection has about been completed in the Madisonville school and will be taken up within a few days in the Earlington school.

School at Nortonville and perhaps some two or three in the country districts not far out have already been inspected. An effort will be made by Miss Frederick, visiting nurse, to reach as many of the country schools as possible before the closing of their term. Inspection of school children is being made for diseases and defects of the eyes, nose and throat. One of the things which particular attention is being given is the dangerous and infectious disease of the eyes known Trachoma about which much has been said by the Kentucky Press. There is a law in Kentucky which requires the treatment of persons affected with trachoma in order both to preserve the sight of those affected and to prevent the spreading of the disease. A considerable number

of cases of this disease has already been found in the Hopkins County schools that have been inspected. It is known that there are a few mild cases of trachoma in Earlington but the children of the Earlington school have been for the past several years under a system of inspection and treatment by direction of the Earlington Board of Education and the Earlington Health Board, and such cases have been under remedial treatment.

In Madisonville a free clinic is about to be opened to which those who are unable to pay for medical attention may go and receive free treatment. This is another forward step which is expected to be of great benefit to the people of the County seat, and adjacent territory. This need in Earlington, of course, has been supplied for a number of years chiefly through the operation of the St. Bernard Hospital whose doors have been open at all times to the afflicted of the community regardless of their wealth or poverty.

Miss Frederick visited Earlington yesterday, one of the reasons being that she desired to enlist the cooperation of the local ministers in a movement to bring before the people generally, from the pulpits, the necessity of a general pull altogether for improvement of the public health.

Another movement is formulating at Madisonville, which is something of an innovation in the work of Public Health Leagues. That is the establishment of a night school at Madisonville to be conducted for the benefit of adults who have missed their opportunities of receiving a common education. Miss Frederick feels most kindly toward this extension of the work. Mr. Otto Fowler, and other public spirited men and women of Madisonville volunteering their services to act as teachers. This plan has not fully developed but is expected to mature presently in the establishment of a night school to extend over a period of several months.

## ARE YOU FIT TO BE PARENT?

### QUERY ON NEW YORK SIGNS

New York—An unusual campaign, calling attention to the deficiencies of devitalized heritage, has been launched by the Medical Reviews of Reviews and

persons interested in eugenics to limit the birth of children who may become a burden to the state.

## Will You Read This Twice?

A very important question to-day which every housekeeper must decide for herself is whether she prefers pure, cream of tartar baking powder like Royal or whether she is willing to use baking powder made of inferior substitutes which do not add healthful qualities to the food.

One kind is easily distinguished from the other, since the laws of various States require the ingredients to be printed upon the label. If anyone is in doubt which kind is most healthful, it is worth while to ask the family doctor. Then decide.

And when once a decision is reached let no advertisement or dealer's argument or canvasser's solicitation change the decision. It is not a question of a few cents or of pleasing a salesman. It is a question of health.

If this appeals to you as reasonable and sensible advice, it is worth reading twice. And it is worth remembering.

J. B. HAMBY COLLECTOR

Half a dozen decrepit, poverty stricken, poorly clad, underfed men are being sent out to parade in Fifth Avenue, Wall St. and other crowded thoroughfares with poster signs asking all who read whether these poster carriers should be allowed to become fathers. Today was their second day on the streets.

#### Pithy Questions on Posters

Some of the posters read:

"I am a burden to myself and to the state. Should I be a father?"

"I have no opportunity to educate or feed my children or myself, they may become criminals."

"Would the prisons and asylums be filled if my kind had no children? Are you willing to have me bring children into the world?"

"I cannot read this sign, by what right have I children?"

"I must drink alcohol to sustain life, shall I transmit the craving to others?"

The propaganda was originated by Frederick H. Robinson, president of the Review, and Paul Bern, secretary. Mr. Bern said the campaign would be extended to other large cities.

#### Explains Purpose of Campaign

The persons behind the campaign will not suggest a remedy for the situation Mr. Bern said, but whenever a need arises it is always filled. It will be filled in this case when people properly realize the situation.

"These signs are self-explanatory," Mr. Robinson said. "If those who question our methods have a better way of bringing home these vitally important facts, we will be glad to adopt their suggestions. We chose the most radical means because we believe they are the most effective."

"Only those with the proper physical health and economic independence have a right to bear children. If we wish to aid the cause of eugenics and to advance the human race, both positively and by the elimination of the unfit, we must take drastic steps."

#### Miscellaneous Shower

Mesdames Iley Brinkley, Henry Rodgers, L. V. Renfro and J. B. Wyatt entertained the friends of the ladies Aid Society of the Christian Church at the home of Mrs. Rodgers yesterday afternoon with a miscellaneous shower in anticipation of the coming bazaar. A very pleasant time was spent. A special musical program was carried out and afterward a delightful salad course was served. It is unnecessary to say that under the efficient management of the above named ladies the affair was a decided success.

## CLEANSSES YOUR HAIR MAKES IT BEAUTIFUL, THICK, GLOSSY, WAVY

Try This! All dandruff disappears and hair stops coming out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possesses an incomparable softness, lustre and luxuriance.

Besides beautifying your hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter and try it as directed.

## Mrs. Georgia Browning Called by Death

Mrs. Georgia Browning, of this city, died at her home on Sebree Avenue last Tuesday morning after a lingering illness of a complication of diseases.

Mrs. Browning was a consistent member of the Presbyterian Church and had a large number of friends here. She was born and reared in Sacramento but has made this place her home for a number of years. She was a woman of quiet unassuming manner and gentle disposition and was loved by all who knew her. She leaves a husband and four children two sons and two daughters to mourn her loss. The interment took place at her home in Sacramento last Wednesday. The Bee in conjunction with other friends of the family extends heart felt sympathy in this hour of bereavement and sorrow.

## Master Dillman Rash Entertains

Master Dillman Rash entertained a few of his little friends Friday afternoon in honor of his friend Lawrence Daves who left last Monday for Evansville his future home. Each of the party presented the guest of honor with a pencil and an original verse expressing regret at his departure. The guest book was a work of art and highly appreciated by the recipient. A delicious ice course was served and greatly enjoyed by all.

## MANY FRIENDS ATTEND THE FUNERAL OF R. B. SALMONS

—Park City News—

The remains of R. B. Salmons, master mechanic of Covington, Ky., who died at his home in that city on Wednesday arrived here last evening on No. 7, and was conveyed to the home of Mr. and Mrs. T. H. Sloss on Kentucky street, where the funeral occurred this morning at 10:30 o'clock. The services were conducted by Rev. B. F. Cito of the First Christian church of which church the deceased was a member.

The remarks were appropriate and touching of the man whose life was but half spent, but whose unselfishness will live long after he has passed away. The remains were accompanied here by his wife and children and a number of prominent railroad men from Covington.

Worlds of beautiful flowers and exquisite designs that were emblematic of his business career accompanied the remains here. From the L. & N. shop employees at Covington came a large wheel with a broken spoke of white roses and crysanthemums.

The office staff of the mechanical department of South Louisville sent an expensive design of pink carnations, that represented the main drive wheel of an engine.

The shop men at Covington expressed their sympathy in a huge Gates Ajar made of pink roses and white lillies. A simple inscription on a band of white ribbon "Our Friend" told of harmony and love that existed between the master and five hundred men in his employ. A hand some carnation bouquet of white crysanthemums from the shop force at Earlington bore a card with tender words "sympathy"

A handsome pillow from the Park City shops, roses and lillies and one from Daniel Boone Lodge B. of L. E. 480 of this city, both bore cards of sympathy for their fellow friend and brother.

Among those who attended the funeral from a distance: Mr. B. J. Lenaman, Mrs. J. F. Jackson, of Covington; Mr. and Mrs. H. F. Melon, Gallatin, Tenn.; Mr. and Mrs. Frank Salmons, Pensacola, Fla.; B. Lane, Tim Mannie, Wm. Gray, foremen of Covington; H. Feathers, master mechanic at Corbin; L. W. Pulliam, Corbin, Misses Mollie and Ellen Whalen, Earlington; R. A. Herb, J. T. Berry, R. M. Bagby, E. E. Waller and J. D. G'Brien, of Earlington; Curtis James, Jas. Buchanan, of Guthrie; Naive Earl, N. J. Clark, G. D. Owell, Willis Farmer and Otto Orell, of Earlington. The interment took place at Fairview. The following gentlemen acted as the pall bearers.

The pall bearers were composed of master mechanics of the L. & N. system and were Messrs. Hardie of Corbin, Hunter of Corbin, Sechrist of Nashville, Fath-ers of Corbin, Clifford of Louisville, Ryan of Russellville, McGregor of Howell, Ind., Monahan of Paris.

The services were conducted at the grave by the Masonic Order of which he was a member. Also the Knights of Pythias attended in a body.

## GOOD MAN

James R. Dean One of The  
Best Known Citizens  
of The City

### GOES TO HIS FINAL REWARD

J. R. Dean a well known and much respected citizen of this city was called to his eternal home Thursday morning about 2 o'clock. The end came suddenly as his illness was thought to be nothing serious. Mr. Dean several years ago had a severe paralytic stroke from which he only partially recovered, but his health was thought to be improving steadily. Only recently he made a visit to his daughter in Providence and stood the trip splendidly. He complained of feeling badly Wednesday but was only slightly ill and his demise Thursday morning came as a great shock to the members of the family and the community. Mr. Dean was 69 years old and had been an active member of the Southern Methodist church as long as his health would permit. After his afflictions his interest in the church and Sunday school never flagged and he was present at these services as often as possible. He was an enthusiastic member of the U. C. V's, having enlisted in the confederate army when quite young. Mr. Dean was born in North Carolina but moved to Kentucky when a young man coming to Russellville, where he lived on a farm for a year, from

that place he came to Earlington and after locating here he married Miss Cordella Baugh of the country. He leaves besides his devoted wife four daughters: Mrs. Y. Q. Walker, and Mrs. Elmer Witherspoon of this place; Mrs. W. W. Lee, of Providence and Mrs. J. Y. Montague, of Pittsburgh, Pa.

The funeral services will be held at the residence on Methodist hill Saturday afternoon at one o'clock and the interment will take place at the Odd fellows Cemetery in Madisonville. To his family and friends we can only say he is not dead, he is only asleep—resting after a long and well spent life.

Behind the darkest storm cloud always rests the bright rainbow of hope and when the storm is past it weeps upon the beautiful flowers of the land and scatters pearls in the

sea. Darkness precedes the dawn-  
ing and out of the blackness of night  
comes the brightness and joy of the  
day. And so from the beauty of his  
life we may get an inspiration and  
go forth and live a goodly life as  
he did that when our summons  
comes we may also be ready.

At all times and under all circum-  
stances he walked in the well beat-  
en paths of rectitude and righteous-  
ness, and the bright faith which sus-  
tained him during the trying hours  
of his suffering only grew brighter  
and brighter as he journeyed toward  
the end. If all men could live as  
Mr. Dean did death would no longer  
be called the "King of Terrors," but  
they would be able to say with the  
prophet of old, "Oh, death, where is  
thy sting? Oh, grave, where is thy  
victory?"

dows, Dawson Springs, District  
No. 6. and T. O. O'Bryan, Mad-  
isonville.

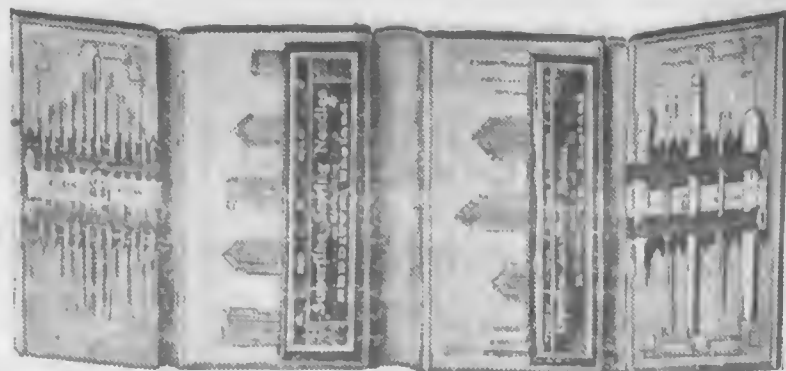

The Board will convene on  
January 1st, at which time they  
will go over the assessor's books.  
The Bee has been requested to  
state that parties whose list  
have been raised should go be-

protests while the board is in  
session, and in case they do not  
do so, the lists will remain as

reasons for such not being listed

Unprecedented Demand For  
Remedy Necessitates In-

Tanlac, the premier prepara-  
tion, sold in Burlington and St.  
Charles at King & Sons' drug  
store, in Morton's Gap at Ben  
T. Robinson's drug store and in  
Mortonville at the City drug  
store, and which is being so  
widely discussed in this State, is  
being used today by more than

150,000 Kentuckians, thousands  
of whom have testified to the  
benefits they have gained by its  
use.

Every walk of life is repre-  
sented in the small army of Ken-  
tuckians who have been benefi-  
ted by Tanlac and who have tes-  
tified to its merits as a medicine  
of rare value.

The Taylor-Isaac Drug Co.,  
Louisville, has sold more than  
80,000 bottles of Tanlac in ninety  
days. The success of Tanlac in  
Louisville is typical of the cor-  
dial reception the preparation is  
receiving in large cities and rural  
districts where it has been in-  
troduced. In the last six months  
the business has grown to enor-  
mous proportions—so large, in  
fact, that it recently became nec-  
essary to increase the capacity of  
the Tanlac plant in Dayton, O.,  
which has been producing from  
8,000 to 10,000 bottles of the  
preparation daily.

The unusual, and heretofore,  
unused formula composing Tan-  
lac is, in a large measure, respon-  
sible for the medicine's popular-  
ity and success. The ingredients  
which are gathered from many  
sections of the earth, are of  
known curative value.

One ingredient never before  
has been used in a proprietary  
medicine. This probably contri-  
butes more to the success of Tan-  
lac than any other one thing.  
Its curative power is conceded to  
be most effective and rapid.  
This ingredient was discovered  
on an island in the Pacific, west  
of Mexico.
